3x5'ft – CLASSIC BS-T2C

Tool Storage

Selling Point

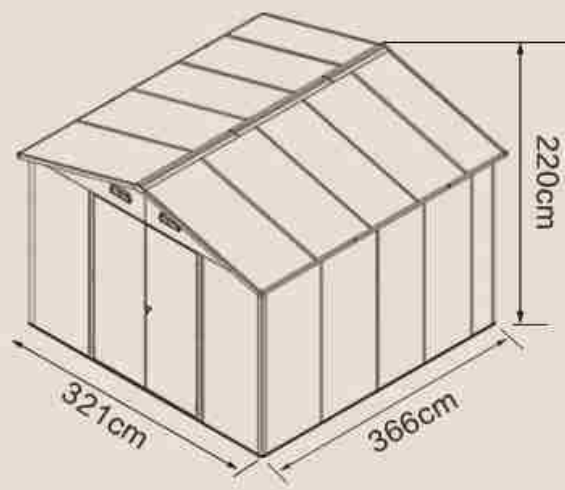

The shed shape will be the hot selling in the garden market.
The outdoor garden storage shed has a sloped roof allowing placement against outside wall or fence.
If you need a storage shed, our extensive line of storage sheds are perfect for your garden tractors, garden supplier, pool supplier or tools.
Average Panel Size is easily assembled to avoid admitting the wrong parts.
The double doors at the front of the shed makes it easy to get big items in and out of the shed without strain or hassle.

Classic Cross Shed

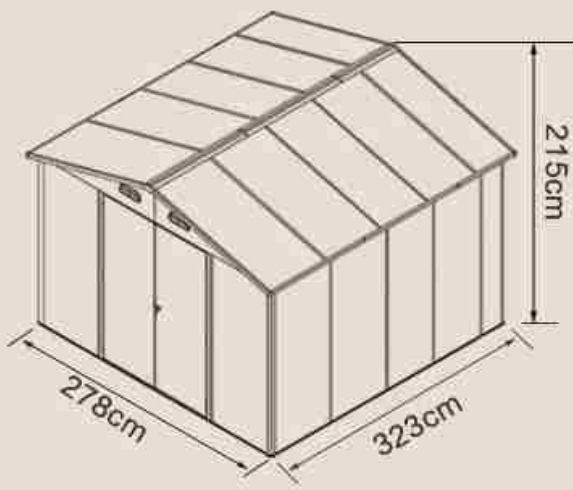

The shed shape is quite different from our usual garden sheds made from Eco friendly, galvanized steel frame
this garden shed comes with 10 Years Anti-rusting
The assembly way is different from SUNOR other shed series
step by step assembly instructions with drawing provided

X sereis Apex Shed

Material

*0.25mm Panel of Wall , Roof & 0.6mm Coated colors of Structure

*Door Height : 158cm/163cm/170cm

*Gutter & Metal Foundation for your optional

Selling Point

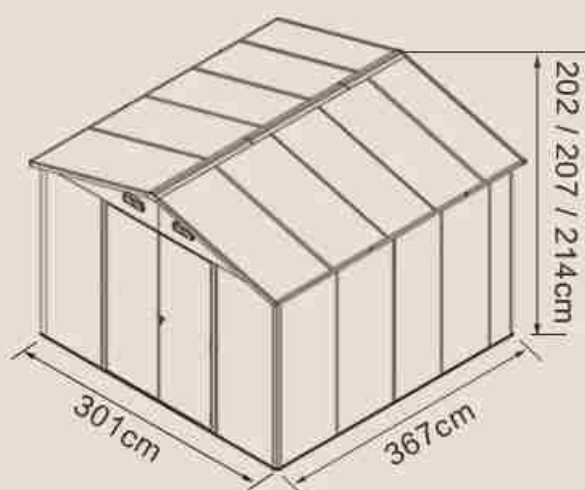

Door Frame,Wall Frame in “0.6”mm zinc steel frame but coated in shed color to strengthen the shed resistance.

The Panel frame is separated from the whole panel to reduce the carton height and the solid panel is not easily deformed.

With its architecturally designed shed structure,the shed is a perfect addition to any backyard.

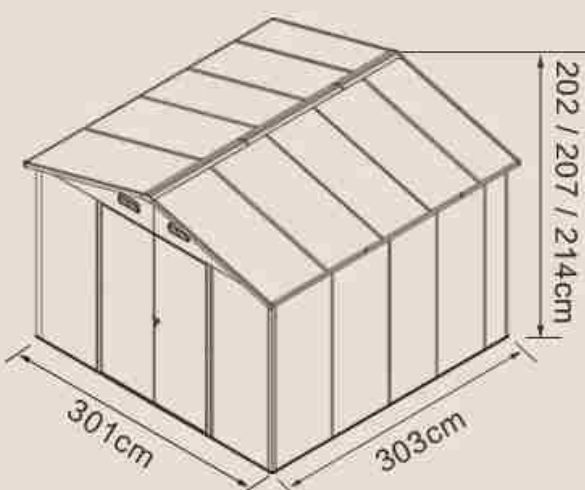

The vents prevent the shed from becoming too musty during hot or wet weather.

The strengthened shed stands up to pounding rain ,strong winds,heavy snows and even the most turbulent storms with ease.

Raised Garden Bed

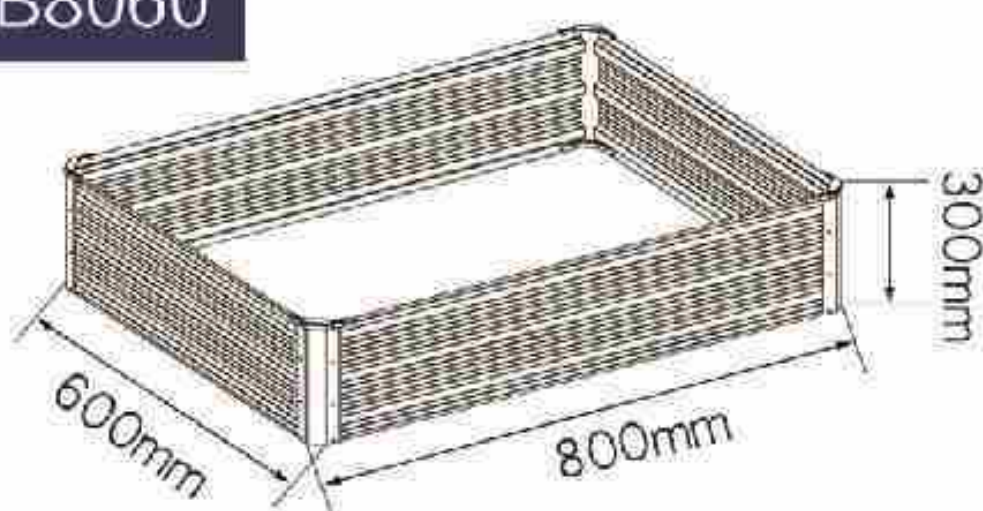

Advantages

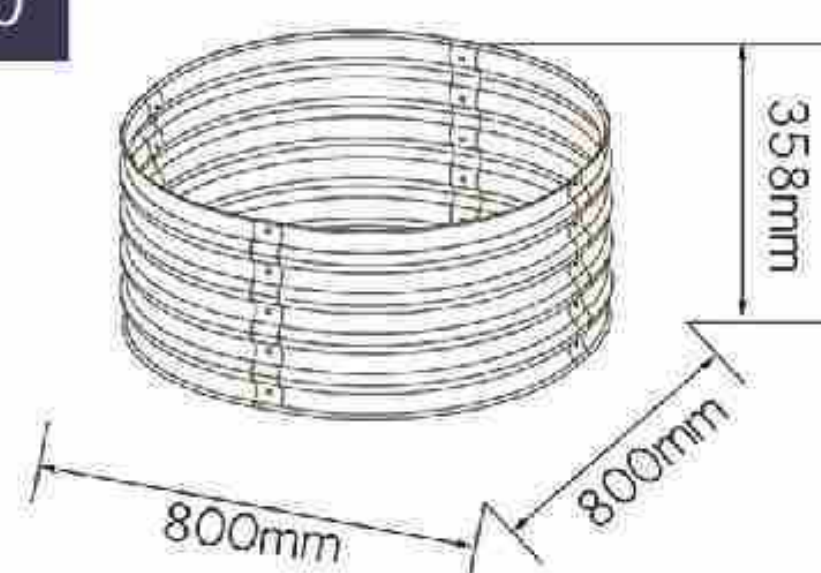

Sunor raised bed made from sturdy yet lightweight powder-coated steel complements your landscape and showcases plants. Extra deep to accommodate large plants. Lightly textured surface. Raised beds are easier to plant and tend than in-ground beds, with fewer pests and weeds. They warm up earlier in spring, too, so you can get a jump on the growing season.
