

 Hebei Minmetals Co.,Ltd.

Wood Construction Connectors

Company Profile

Hebei Minmetals Co Ltd. is a joint-stock group specialized in foreign & domestic sales and production. Established in 2004, the company's foundation was derived from the structural reform of the old state foreign trading companies, and has a registered capital of 45 million RMB. The company has grown dramatically in recent years with turnover growing to over \$200 million, and has become one of the top exporters in Hebei Province. We have many years of experience of exporting to all corners of the world, and have a dedicated team focused on research and development of new products. With constant investment and innovation, our product ranges have grown substantially.

Overview	Company registration date: 2004-09-01	Floor space(m²): 60919
	Annual export revenue (USD): 300000000	Accepted languages: English, German, Japanese, Russian, French
Production capabilities	Production lines: 12+	Total annual output (units): 5000000
	Production machines: 50+	Total employee: 500+

Intelligence manufacturing

Intelligence manufacturing refers to multiple 'new normals' in the context of manufacturing - that is, how industry will leverage the application of new disruptive technologies such as 'Artificial intelligence', 'Robotics', 'Additive manufacturing' (3D printing), and the 'Internet of Things', to change the face of traditional manufacturing.

Hebei Minmetals Co., Ltd. own 6 factories are all equipped with the most advanced facilities and equipments in the industry. The main production facilities include Automatic Welding and moulding robot, Automatic punching unit, Automatic laser cutting line, Semi-automatic powder coating line, Stereoscopic automatic warehouse and so on.

Stereoscopic Automatic Warehouse

Hebei Minmetals's Auto-store gives customers the speed, precision, and reliability they expect in today's fast-paced, omnichannel digital economy.

An automated storage and retrieval system (ASRS), it harnesses the power of warehouse robots for 24/7 order fulfillment within a cubic layout so dense it can actually quadruple storage capacity and unlock the true potential of storage floorspace.

4×

Storage Capacity Within the same footprint

99.7%

Uptime 24/7 access to inventory

100%

Real-time inventory data sharing with customers
